May 6, 2016

Dear University of Mississippi Student,

Beginning July 1, 2016, The University of Mississippi will NO LONGER MAIL monthly billing statements to currently enrolled students. Monthly notifications will be sent on the first day of each month to the student’s official University email account. You can access your online statement by clicking the myOleMiss link in the monthly notification.

Parents can also receive these monthly email notifications if they have been signed up for Relative/Guardian access. Students can authorize their parents to receive WebIDs from within their myOleMiss account by selecting the ‘Student’ tab, then ‘My Profile,’ then ‘Access for Relatives/Guardians’ and finally selecting the ‘View/Pay My Bills’ option. Parents must have access to the ‘View/Pay My Bills’ option in order to receive the email notification.

Students and parents will receive these monthly notifications earlier than the paper statements of the past, and, therefore, will have more time to pay the balance by the due date. You will not have to wait on the mail for paper bills anymore, and your bill will never be lost in the mail again. We encourage you to pay your bill online as you will see your electronic check or credit/debit card payment on your bursar account immediately.

Former students whose myOleMiss account is inactive will receive a paper statement that will be mailed to the billing address on file. Therefore, it is still important to keep your billing address updated with The University.

If you have questions about this conversion to electronic statements, please feel free to contact us at 800-891-4596.

Sincerely,

Office of the Bursar
