

S.O.G. 203

Campus Zones/Building Names

Handout

1. Landscape Services zones are put in place as a convenience for landscape maintenance purposes only. However, the entire campus landscaping is everyone's responsibility. (Check with your supervisor for which buildings we do not maintain).
2. The campus is divided into two zones: North Side and South Side. (subject to change as the need arises due to campus changes and growth). To better manage the details of landscaping. The North side is bordered by W. Jackson Ave (curves), and the South Side by Highway 6.
3. The north and south zones are divided by an east/west axis that runs from the University museum at East Gate to Guyton hall at Mall Gate on Jackson Ave. It follows University Ave to Circle Dr. to Gaultney-Lott Plaza, up Dormitory Row West past Johnson Commons to Guyton Hall on the left, and Mall Gate.
4. Check with your supervisor about which buildings employees are **not** allowed to be in, i.e. dorms, fraternities, or sororities.
5. Be aware of the buildings that are quiet zones until after 7:30 AM.
6. If you are asked to be quiet or to leave an area, be friendly, courteous and promptly comply by moving to another area. Notify your supervisor of your action as soon as you see him. Our customers are important, so always show respect, cooperation and courteousness.
7. Become familiar with the building names and locations. Learn them by checking your map and asking questions as you work around campus.
8. Become familiar with which colleges/schools/facilities are in each building so you can quickly arrive at a job. Also helps with departmental communication by cutting down on giving directions. And you can give directions to visitors.
9. In the event of a severe storm, know where you can safely shelter on campus, ie, tornado shelters and building basements.
10. In order to get to and from campus destinations quickly, learn the streets and their busiest pedestrian and traffic times.

11. Specific areas and spots on campus are given “pet” names to quickly identify where they are found:

CAMPBELL VALLEY: woods on west side of Sorority Row and Jackson Rd.

CHAMBER WOODS: woods on the east side of the Chamber of Commerce bordering Jackson Rd.

DEBATE SITE: turf area east of Ford Center.

DUNBAR: north side of coliseum and Hathorn.

EAST GATE: entry port on University Ave.

ELECTRIC HILL: SE corner of University Ave and All American Rd.
(several tall electric towers).

FRAT ALLEY: alleyway between Frat Houses between Confederate Drive and Poole Drive.

HORSE SHOE HILL: semi-circular bank behind Deaton and Steward Dorms on Student Union Dr.

HOUSE 33: first left off of Old Greenhouse Rd. (university visitor house).

KINCANNON FIELD HILL: parking lot at the top of the hill west of Kincannon and Kinard Halls.

KUDZU LOT: corner of Old Taylor and Taylor Roads.

OLD GREENHOUSE (NEW NURSERY): second left off of Old Greenhouse Rd.

REBEL RIVER: old drainage ditch between the Coliseum and tennis courts.

RED NECK PARKING LOT: west side of Confederate Dr. and Sigma Alpha Epsilon.

ROBIE RIDGE: woods on east side of Food Services Bldg. and Jeanette Phillips Drive (in honor of former LS worker and UPD police officer).

SATELLITE GARDEN: in-between Lester-Baxter and Gerard Halls (many satellite dishes).

SECOND PLACE TROPHY: confederate statue at entrance to the Circle.

SHORTY HILL: east side of the confederate cemetery and Hill Dr.

SILENT RAILROAD: new O.U.T. bus route from IPF to South Lot (former route of railroad servicing the town and the university).

WHISKEY ALLEY: alley in-between Faser and Shoemaker Halls.

WOODS-IN-BETWEEN: woods between Taylor Rd and Gertrude Ford Blvd.

4-CORNERS: intersection of Hill Dr., Hathorn Rd., and Coliseum Dr.

19th GREEN: putting green behind Carrier House.
