Elements of Effective Financial Management

Live and Interactive Teleconference - May 22, 2002

Program Description

Elements of Effective Financial Management will focus on how food service directors manage financial data. Panelists will identify critical indicators for determining the effectiveness of both large and small school food service programs.

Topics

- Financial tools used to administer Child Nutrition Programs
- Discussion of district comparisons and contrasts of specific financial data
- NFSMI's plan for financial management education

Continuing Education Credit

This teleconference is approved for two hours of American School Food Service Association Continuing Education Credit. Credit may be available through other professional associations. For more information, contact your local association.

Audience

- Child Nutrition Program directors
- State agency staff
- Others interested in financial management

Panel Discussion

- Panelists will include food service directors and NFSMI staff.
- Highlight principles of financial management of child nutrition programs in both small and large school districts.
- Opportunity for interaction between the panelists and viewing audience by e-mail, phone, or fax.

Simultaneous Webcast

For more information visit the National Food Service Management Institute Web site at www.nfsmi.org.
