

The School of Applied Sciences

Linda F. Chitwood, dean

James D. Stafford, associate dean

George Street University House • (662) 915-7900

GENERAL INFORMATION

Mission • The School of Applied Sciences was established in 2001 and includes the departments of Communicative Disorders, Family and Consumer Sciences, Health, Exercise Science and Recreation Management, Legal Studies, and Social Work. The mission of the school is to enhance society's health and well-being. This is being accomplished through academic, clinical, and experiential-based programs that emphasize leadership, scholarship, and professional services.

Admission to the School • Freshmen entering the School of Applied Sciences must meet the same requirements as those for general admission to the University. Students transferring into the school should contact the dean's office for evaluation of their transfer credits. Additional requirements for admission to specific programs are listed under each department.

Degrees Offered • The school offers the Bachelor of Arts in Communicative Disorders, Bachelor of Arts in Park and Recreation Management, Bachelor of Science in Family and Consumer Sciences, Bachelor of Science in Exercise Science, Bachelor of Science in Criminal Justice, Bachelor of Paralegal Studies, and the Bachelor of Social Work.

Accreditation • The clinical service and academic training programs of the Department of Communicative Disorders are accredited by the American Speech-Language-Hearing Association. The Dietetics Program in the Department of Family and Consumer Sciences is accredited by the American Dietetics Association. The Park and Recreation Management program is accredited by the National Recreation and Park Association. The program leading to the Bachelor of Social Work is accredited by the Council on Social Work Education.

ACADEMIC POLICIES

Degree Requirements • The number of semester hours required for a degree in the School of Applied Sciences ranges from 126 to 130. Students must have a minimum 2.0 GPA on all course work submitted for the degree, 2.0 GPA on all University of Mississippi course work attempted, and 2.0 GPA on all work attempted at any institution of higher learning. Applicants for degrees must have earned at least 30 semester hours of residence credit in the School of Applied Sciences at The University of Mississippi. Twenty-five percent of credit hours submitted for the degree must be taken at The University of Mississippi.

With the approval of the dean, credit for work completed in other institutions or by correspondence and extension may be granted. Credit from a community college is limited to one-half the total requirements for graduation in a given curriculum. Credit for correspondence courses is limited to 33 hours, and no more than 6 of the student's last 21 hours may be correspondence and/or transfer courses.

210 • The School of Applied Sciences

Professional core course work for newly admitted students, readmitted students, and transfer students must be current within a seven-year period at the time of admission to a program, unless more current course work is required by accreditation standards; there will be no limit on general course work.

DEPARTMENTS AND DEGREES OFFERED

COMMUNICATIVE DISORDERS

Associate Professor Carolyn Wiles Higdon, chair • 303 GEORGE HALL • (662) 915-7652

A MAJOR IN COMMUNICATIVE DISORDERS FOR THE B.A. DEGREE requires 36 semester hours including Communicative Disorders 201, 205, 211, 216, 301, 316, 351, 356, 495, and 9 additional hours as specified by the student's adviser. The B.A. in communicative disorders is considered pre-professional training, as graduate study is necessary to qualify for certification by the American Speech-Language-Hearing Association in speech-language pathology or audiology.

A MINOR IN COMMUNICATIVE DISORDERS consists of 18 hours. Students desiring a minor must plan their sequence of courses with the department chair.

FAMILY AND CONSUMER SCIENCES-FCS

Associate Professor Diane Tidwell, interim chair • LENOIR HALL • (662) 915-7371

BACHELOR OF SCIENCE IN FAMILY AND CONSUMER SCIENCES

Four areas of emphasis in family and consumer sciences are offered: dietetics and nutrition; hospitality management; human development; and merchandising. The department is accredited by the Council for Accreditation of the American Association of Family and Consumer Sciences. The curriculum in dietetics and nutrition satisfies didactic education requirements as approved by the Commission on Accreditation for Dietetic Education (CADE) of the American Dietetic Association.

A major in family and consumer sciences for a B.S. degree consists of 48 hours of core courses in addition to courses specified by each emphasis area. The core courses include: ENGL 101; LIBA 102; ENGL 321; 3 hours of literature; 6 hours of modern language (all hours in one language); PSY 201; SOC 101; MATH 115; MATH 120 or 121 (MATH 121 required for dietetics and nutrition); fine arts elective; BISC 102/103; BISC 104/105; SPCH 102 or 105; and CSCI 103 or MIS 241.

HEALTH, EXERCISE SCIENCE AND RECREATION MANAGEMENT—HESRM

Professor Jim Gilbert, interim chair • 219 TURNER BUILDING • HESRM Homepage:
www.olemiss.edu/depts/eslm/

Areas of Study • Two undergraduate curricula are available leading to the Bachelor of Science in Exercise Science and the Bachelor of Arts in Park and Recreation Management. Upon admission, students should consult with their adviser concerning recommended electives and the required sequence of professional core courses. Students majoring in exercise science or park and recreation management must complete a minimum of 30 hours of resident credit in the School of Applied Sciences and at least 130 total credit hours. A maximum of 65 junior college and 33 correspondence and extension hours may be applied. Students must earn a 2.0 GPA on all work attempted at The University of Mississippi and all work submitted for the degree. Majors must also achieve a 2.5 GPA in all professional courses presented for their degree.

BACHELOR OF SCIENCE IN EXERCISE SCIENCE

The B.S. in Exercise Science degree program is designed for students entering allied health and fitness professions. With the B.S. degree, careers as health and fitness directors within private, municipal, corporate, and hospital-based fitness and health promotion centers are available. Students completing the B.S. degree often continue their education in exercise science, physical therapy, cardiac rehabilitation, and other health-related graduate programs.

Electives or Minor	33-35
Total of 128 hours required for degree	

SOCIAL WORK

Professor Carol Boyd, chair • 231 HUME HALL • (662) 915-7336

The mission of the Department of Social Work, in keeping with the University's emphasis on excellence in teaching, research, and service, is to provide quality undergraduate preparation for entry into generalist social work practice and graduate education, consistent with the Social Work Code of Ethics.

Accreditation. The Department of Social Work at The University of Mississippi has been continuously accredited by the Council on Social Work Education since 1974.

Licensure Law. In Mississippi and a majority of other states, social work practitioners are required by state law to be licensed. This requires passing a national licensure exam, which is reciprocal in most states.

A MAJOR LEADING TO THE BACHELOR OF SOCIAL WORK (B.S.W.) requires the course work shown in the curriculum below. Sequencing of social work courses is mandatory as indicated in course descriptions. A minimum grade of C is required in all social work courses. No student may enroll in a social work course until a minimum grade of C has been obtained in prerequisite courses. No social work course may be taken more than two times.

Students become social work majors by declaring the major in the School of Applied Sciences. Majors progress through the curriculum by passing courses in sequential fashion. Majors failing to reflect both an understanding and an endorsement of the Social Work Code of Ethics in course assignments, exams, and in required community service activities will be advised to seek another major.

CURRICULUM FOR THE B.S.W. DEGREE
