JOB DESCRIPTION

Computer Programmer II

Definition of Class
This is a non-supervisory, mid-level position in which the incumbent provides assistance with the installation and support for personal computer access in the administrative offices of the University.

Examples of Work Performed
Installs software and hardware in personal computers for the administrative offices and the user community.

Provides programming support and training for users on University computer systems.

Assists in the development of computer systems.

Assists in the scheduling and running of production work.

Codes in programming language, compiles, tests and documents programs, and implements programs.

Resolves administrative system hardware, software, and communication failures.

Performs similar or related duties as assigned or required.

Essential Functions
These essential functions include, but are not limited to, the following. Additional essential functions may be identified and included by the hiring Department.

1. Installs software and hardware in personal computers for the University community.
2. Provides programming support and training for users on University computer systems.
3. Assists in the development of computer systems and the scheduling and running of production work.
4. Resolves administrative system hardware, software, and communication failures.

Minimum Qualifications
These minimum qualifications have been agreed upon by Subject Matter Experts (SMEs) in this job class and are based upon a job analysis and the essential functions. However, if a candidate believes he/she is qualified for the job although he/she does not have the minimum qualifications set forth below, he/she may request special consideration through substitution of related education and experience, demonstrating the ability to perform the essential functions of the position. Any request to substitute related education or experience for minimum qualifications must be addressed to The University of Mississippi's Department of Human Resources in writing, identifying the related education and experience which demonstrates the candidate's ability to perform all essential functions of the position.

Physical Requirements: These physical requirements are not exhaustive, and additional job related physical requirements may be added to these by individual agencies on an as needed basis. Corrective devices may be used to meet physical requirements.

Physical Exertion: The incumbent may be required to lift up to approximately 25 pounds.
Vision: Requirements of this job include close vision and color vision.

Speaking/Hearing: Ability to give and receive information through speaking and listening.

Motor Coordination: While performing the duties of this job, the incumbent is frequently required to sit. The incumbent is periodically required to talk and hear. The incumbent is occasionally required to stand; walk; reach with hands and arms; and stoop, kneel, crouch or bend.

Experience/Educational Requirements:

Education:
Associate’s Degree from an accredited two-year college in Computer Science, Management Information Systems, Telecommunications or a related field.

AND

Experience:
Two (2) years of experience related to the above described duties.

Substitution Statement:
Related education and related experience may be substituted on a basis set forth by the Department of Human Resources.

Interview Requirements
Any candidate who is called for an interview must notify the Department of Human Resources in writing of any reasonable accommodation needed prior to the date of the interview.
