PARKING & TRAFFIC RULES AND REGULATIONS
2018-2019

To provide the greatest benefit from these facilities, the Mississippi Board of Trustees of State Institutions of Higher Learning enacted regulations that will be strictly enforced by the Department of Parking & Transportation (DPT) and the University Police Department (UPD). Thorough understanding of these regulations is important because violations will result in needless expense and inconvenience.

Pursuant to the provisions of Section 37-105-1, Mississippi Code Annotated (1972), the Mississippi Board of Trustees of State Institutions of Higher Learning does hereby enact the following traffic rules and regulations for the control, direction, parking, and general regulation of traffic and vehicles on the campus and streets of The University of Mississippi situated in Lafayette County, Mississippi, to wit:

A.1 General Information
(a) The University of Mississippi assumes no responsibility for the care and/or protection of any vehicle or its contents at any time it is operated or parked on the campus.

(b) For the purpose of these regulations, the term “vehicle” includes all automobiles, trucks, motorcycles/mopeds/scooters, bicycles, golf carts, and any other vehicles operating on land.

(c) For the purpose of these regulations, the “restricted area” of the campus is defined as any designated parking area for faculty and staff or other assigned hangtag/decal types.

(d) For the purpose of these regulations, the terms “hangtag” or “decal” are used interchangeably with the term “parking permit”.

(e) For the purpose of these regulations, the term “visitor” includes all individuals who are not affiliated with the University as a student enrolled in classes, staff, faculty, external employee, vendor, or construction worker.

(f) For the purpose of these regulations, a “legally marked parking place” involves painted white lines to constitute a legal parking place. The absence of white painted lines on the pavement beside each side or end of the vehicle will signal to a motorist that the area is not a legal parking place and subject to being cited. [See A.4(s)(s.13)]

(g) Penalties/fines/fees are subject to change on an annual basis.

(h) All motorists – to include all faculty, staff, and students, full or part-time, external employees, vendors, construction workers, retirees, and visitors – operating motor vehicles on campus must familiarize themselves with the parking and traffic rules and regulations of the
University. Lack of knowledge of the provisions of these rules and regulations will not be accepted as a defense for violations. These rules and regulations attempt to cover all instances of parking and traffic control in specific detail. However, interpretation of the intent of these rules and regulations will be the responsibility of the DPT. Specific questions may be directed to the DPT, Lester Hall Room 120, P.O. Box 1848 University, MS 38677, email: parking@olemiss.edu or telephone 662-915-7235.

(i) The University reserves the right to change, add, or eliminate any parking on campus. Every effort is made to ensure accuracy of information provided on written material such as maps or posted signage; however, one should consult www.olemiss.edu/parking for any recent updates pertaining to rules, regulations, announcements, and changes in assigned parking designations on the color-coded parking guide map. This website will supersede any printed material as a determining factor.

A.2 Vehicle Registration
(a.1) Each faculty, staff, and student, full or part-time or external, as well as vendors, construction workers, retirees, and visitors who operate a motor vehicle (to include motorcycle, motorbike, motor scooters) on University property (this will include the South Lot, the Kudzu Lot, and Jackson Avenue Center) regularly or occasionally is required to register with DPT within 24 hours excluding weekends when they first bring a vehicle on campus. Failure to comply with this rule could result in being cited and the vehicle immobilized. If said vehicle is immobilized, the person responsible for the vehicle is required to go to DPT and register appropriately. Hangtag/decal fees and citation fines are charged to the student’s bursar account, while those of faculty/staff are payroll deducted. Tickets received prior to vehicle immobilization will be charged to the person’s bursar account or payroll deducted.

(a.2) Any student temporarily using another vehicle must, within 24 hours of the time the vehicle is first brought on campus, register the vehicle with DPT, which will issue a temporary hangtag, price to be determined by the length of time it is needed. Failure to comply with this rule could result in being cited and the vehicle immobilized. [See A.2(a.1)]

(a.3) Students registering with DPT will be issued a window decal/permit for each vehicle they bring on campus. A student’s window decal is to be permanently affixed to the vehicle in a place and manner prescribed by the University and/or in accordance with instructions printed on the back of the permit. [See A.2(l)]

(a.4) A single hangtag will be issued to faculty/staff, external employees, construction workers, vendors, and retirees as their parking permit to be displayed on any vehicle they bring on campus.

(a.5) Special permits/decals will be issued for motorcycles and bicycles.
(a.6) If a vehicle is ticketed, the individual to whom the permit is registered with DPT will be responsible for the citations.

(a.7) The University does not guarantee a parking space in your designated parking zone. The “open” parking areas and the Park-N-Ride lots (the South Lot and Jackson Avenue Center) are designated as overflow parking areas for those whose permit type does not preclude their parking in these areas.

(b.1) Twelve-month faculty and staff are to register with DPT and display new parking permit by August 15 of the current academic year. Nine-month faculty/staff are to register by September 1 of the current academic year. Students are to register by August 15 of the current year.

(b.2) Parking and traffic violation records are applicable from August 15 of the current year to August 15 of the following year. Failure to renew parking registration at the beginning of the fall semester will result in continuance of the previous year’s records.

(b.3) The first vehicle decal issued to a student will be charged at the full current rate, and a minimal fee will be charged for each subsequent vehicle decal only after proper supporting documentation is submitted to DPT.

(b.4) Hangtag/decal fees are NONREFUNDABLE. Decals are NONTRANSFERRABLE.

(b.5) All faculty/staff permits are the property of the University of Mississippi and must be surrendered upon separation from the University to stop reoccurring charges. Permits may not be given, resold, or transferred to another individual. Penalty: See A.4(s)(s.7).

(c) Any boats, campers, trailers, and similar non-motor vehicles are not allowed to be parked on campus other than those owned and operated by University departments. Failure to comply could result in its immobilization, removal, impoundment, and/or fine; and the owner/operator will be responsible for all costs associated with such actions. [See A.4(a)(a.2)]

(d) Every motor vehicle operated on campus shall have an insurance card maintained in the vehicle as proof of liability insurance that is in compliance with the liability limits required by the State of Mississippi. Penalty: $100 [63-15-4]*

(e) All motorists registering with DPT must have a valid driver’s license from their state of record. [63-1-57 and 63-1-5]* Faculty, staff, and students must also present their University of Mississippi ID card to be issued a parking permit.

(f) Every person who registers to operate a motor vehicle on campus must furnish true and correct information on the vehicle registration format. The license plate number must be true and correct. Those who fail to comply or intentionally give false information are subject to a
fine of $75, vehicle immobilization, loss of campus parking privileges, judicial review if a student, and/or referred to Human Resources for possible disciplinary action if faculty/staff.

(g) It will be the responsibility of each faculty/staff and student to contact DPT in Lester Hall Room 110 or email (parking@olemiss.edu) to report a new license plate (tag) number for a motor vehicle already registered with DPT within 24 hours of the time the vehicle with the new plate is first brought on campus. Failure to do so could result in being cited and vehicle immobilized. Penalty: $25.

(h) No faculty/staff person shall register and obtain a parking permit for any full or part-time student. Failure to comply with this rule could result in being cited and vehicle immobilized. Penalty: $100.

(i) No student is to display a faculty/staff parking permit and park when the person to whom the faculty/staff permit is issued is not in the vehicle when parked. Penalty: $100.

(j) No student who has registered a vehicle and received a decal shall affix or permit any other person to affix such decal to any vehicle other than the vehicle for which the decal was issued. Student decals are vehicle specific. A student cannot register in their name a vehicle that belongs to another student. Decals may not be given, resold, or transferred to another individual. Decals are NONTRANSFERRABLE. Penalty: $100, other related offenses, subject to loss of campus parking privileges, and judicial review.

(k) Student parking permit classification is determined by residence. A student who changes place of residence within the academic year must obtain and affix an appropriate decal for the new residence within 24 hours after the address has changed. Failure to comply could result in being cited and vehicle immobilized. Penalty: $50.

(l) A student’s decal is not valid until it is permanently and properly affixed on the outside lower corner of the rear window on the driver’s side of the vehicle. Exceptions include convertibles, vehicles with a rear window that lowers into a tailgate, vehicles with rear windows covered by louvers, pickup trucks with a camper shell, etc. In such cases, the decal shall be valid when properly and permanently affixed on the upper outside corner of the front windshield on the passenger side. In all cases, the decal must be clearly visible and not obstructed from view. Taping the decal to the window is not sufficient. Penalty: 1st offense $50; 2nd offense $100; 3rd offense $150 and vehicle immobilized.

(m) No vehicle shall display more than one current University of Mississippi parking permit at any time. Penalty: $50.

(n) Lost or stolen hangtags/decals should be reported to DPT within 24 hours after discovery of the loss/theft. Failure to comply could result in being cited and vehicle immobilized. Replacement cost of the parking permit will be determined by DPT.
(o) External employees (those who are not in the University payroll system – i.e., Aramark, Barnes & Noble, Greek organization house workers, etc.) will be issued a hangtag which will provide the same parking privileges as well as the same restrictions of a regular faculty/staff hangtag and at the same price as a faculty/staff hangtag, which must be paid for at the time of registration. These employees will be responsible for any personal parking fines. They must have paid any accrued fees and fines before issued a parking permit. Failure to pay their fees and fines could result in immobilization. Penalty: $100. Permits issued to external employees may not be given, resold, or transferred to another individual. Penalty: See A.4(s)(s.7). Upon termination of employment, the hangtag is to be returned to DPT.

(p) Any full or part-time faculty, staff, external employee and students, and vendors, construction workers, retirees, and visitors who unauthorized and fraudulently produce, manufacture, or replicate a DPT-issued parking permit will be subject to a $200 fine; referred to judicial review if a student; referred to Human Resources for possible disciplinary action if faculty/staff; and subject to criminal charges.

A.3 Special Parking Accommodations
(a) Handicapped Hangtags & Parking
(a.1) Any faculty/staff or student must register with DPT for a parking permit. Any person wanting to park on the University of Mississippi campus is required to obtain the appropriate permit.

(a.2) Faculty/staff and students with a valid state-issued handicap hangtag will be permitted to park in any handicap designated space on campus. Anyone with a valid handicap permit may park in any legal parking space on campus, including handicap spaces, but not in parking spaces otherwise reserved by special posted signage (i.e., special faculty/staff reserved places, service vehicles, etc.). When so parked, the person to whom the handicap hangtag is issued must be the driver of the vehicle or a passenger in the vehicle or subject to citation for unauthorized parking in a handicap designated parking space. [See A.4(h)(h.4)] They must also display their regular University parking hangtag/decal in addition to the handicap hangtag.

(a.3) In order to maintain the integrity of the handicap parking program on campus, it is recommended that handicapped faculty/staff and students provide to DPT the information related to their handicap hangtag to facilitate the link to their vehicles (i.e., name and expiration date of handicap hangtag).

(a.4) The state-issued handicap hangtag must be clearly and properly displayed at all times with the expiration date visible. Failure to do so could result in being cited and/or vehicle immobilized. [See A.4(h)(h.1)]

(a.5) Blue painted hash-mark areas adjacent to handicap spaces and blue painted wheelchair ramps or curb cuts are not handicap parking spaces; vehicles parked in these areas will be
considered illegally parked and will be ticketed even if a handicap hangtag is visible on the vehicle. Penalty: $200. [27-19-56(5)(a) and (7)]*

(b) Short-Term Medical (30 days or less)
(b.1) Students who need special parking accommodations due to mobility problems may receive a 30-day temporary hangtag referred to as a medical hangtag from DPT that will enable them to park in regular faculty/staff parking areas (but not special faculty/staff reserved spaces) and on The Circle after first obtaining an authorization slip from Student Health Services in the V.B. Harrison Health Center.

(b.2) A short-term medical hangtag permits students to park in regular faculty/staff parking places and on the Lyceum Circle but not handicap designated parking places, special posted Reserved Parking places, or the Rear Alumni Center Visitor-Only Lot.

(b.3) Students issued a short-term medical permit must also display on their vehicle their regular student parking decal. The short-term medical permit must be clearly and properly displayed at all times with the expiration date fully visible. Failure to do so could result in being cited. [See A.4(s)(s.5)]

(c) Long-Term Medical (more than 30 days)
(c.1) If a student needs special medical parking access beyond 30 days or if faculty/staff need any special medical parking access for any period of time, they are to contact a State/County Tax Collector Office to receive a state-issued handicap permit. Go to DPT’s website www.olemiss.edu/parking “ADA/Handicap Process” for detailed information. [See A.3(a)(a.2) (a.3)]

(d) Purple Heart Parking Permits
(d.1) Any UM students, faculty, staff, and UM retirees may participate in the UM Purple Heart Recognition Program after being properly vetted by the University’s Office of Veteran and Military Services (VMS) (http://vms.olemiss.edu).

(d.2) Participants are required to submit appropriate Purple Heart documentation to VMS. Approved participants will be required to purchase a UM parking permit based upon their classification (i.e., Student Commuter, Student Residential, Pavilion Garage, regular Faculty/Staff, Faculty/Staff Reserved, Faculty/Staff Motorcycle, or Retiree; Park-N-Ride permits are not eligible). The originally issued UM permit is then to be exchanged for the UM Purple Heart Permit at no additional cost.

(d.3) Persons awarded a Purple Heart are not authorized to park in the Purple Heart designated parking space until successfully vetted by VMS and issued the proper parking permit by DPT. No unauthorized motor vehicle or bicycle may park in the Purple Heart designated space or block or obstruct access to this designated space 24 hours/7 days. Penalty: $200 and subject to being towed at owner/operator’s expense.
(d.4) Participants in the Purple Heart Recognition Program are only required to be vetted by VMS at the start of their participation in the program. Thereafter – as long as they are a UM student, faculty, staff, or UM retiree – they will be allowed continued participation. In the academic years after their initial year of participation, rather than first purchase their parking decal based upon their classification, they are to go to DPT to be issued their Purple Heart Permit. The cost will be determined upon their classification. Purple Heart Permits will be valid for one academic year to run August 15 of one year through August 15 of the following year.

(d.5) Vehicles with a Purple Heart Permit will be valid to park in the Purple Heart designated parking space on the Lyceum Circle. The person to whom a Purple Heart Permit is issued must be the driver of the vehicle or a passenger in the vehicle when parked in the Purple Heart designated space. [See A.3(d)(d.7)] When parked in the Purple Heart designated space, the UM Purple Heart Permit must be clearly and properly displayed on the vehicle. [See A.4(s.5)]

(d.6) Vehicles with Purple Heart Permits will also be valid to park in visitor, regular faculty/staff, commuter, and student residential designated zones only if the person to whom the Purple Heart Permit is issued is the driver of the vehicle or a passenger in the vehicle when so parked. [See A.4(d)(d.3)] Vehicles with Purple Heart permits will not be valid to park in any other reserved/restricted parking space with special posted signage or reserved parking deck unless the originally issued UM permit included a reserved designation. [See A.4(s)(s.6)]

(d.7) Illegal use of a Purple Heart Permit will result in the violator being fined $200, subject to judicial review if a student, referred to Human Resources for possible disciplinary action if faculty/staff, the permit will be confiscated by DPT, and subject to tow at owner/operator’s expense. The display of an unauthorized or fraudulent Purple Heart Permit will result in the violator being fined $200, subject to judicial review if a student, referred to Human Resources for possible disciplinary action if faculty/staff, the permit will be confiscated by DPT, and subject to tow at owner/operator’s expense.

(d.8) Vehicles with Purple Heart Permits are not valid to park in handicap designated spaces unless the permit holder has the proper ADA credential; they are to display their Purple Heart Permit and the state-issued handicap placard/disabled license plate. Penalty: $200. [See A.4(h)(h.4)]

(d.9) The persons authorized to park in the Purple Heart designated space will not be allowed to park in this space in connection with a home football game.

(d.10) Purple Heart parking permits may not be given, resold, or transferred to another individual. Penalty: See A.4(s)(s.7).

A.4 General Regulations, Penalties on Driving and Parking
(a) General Regulations
(a.1) The responsibility for finding a legal parking space rests with the motor vehicle operator. Lack of space or unfamiliarity with the parking areas is not considered a valid excuse for any parking violation.

(a.2) The University reserves the right to remove, impound, or immobilize illegally parked or abandoned vehicles, non-motor vehicles [see Section A.2(c)], bicycles, any vehicle on campus without a decal, with an unauthorized or altered parking permit, with no license plate, or any vehicle, non-motor vehicle or bicycle parked so as to constitute a hazard to the smooth flow of either pedestrian or vehicular traffic. The owner/operator shall be responsible for all costs involved in removing, impounding, immobilizing, and storing of such vehicles, non-motor vehicles, or bicycles. Neither the University nor its representatives will be liable for any damage that occurs during removal, impoundment, or immobilization thereof. The tow fee is to be determined by the wrecker service. Once a wrecker service has been dispatched to campus, the owner/operator shall be responsible for wrecker service fees regardless of whether the vehicle or non-motor vehicle is towed. Immobilization fee: $100.

(a.3) DPT and UPD personnel are authorized to remove a boot from a vehicle or non-motor vehicle; all other persons are unauthorized to do so. If DPT or UPD removes a boot after regular DPT enforcement hours (8:00 a.m.-5:00 p.m. weekdays), a $200 removal fee will be assessed. If an unauthorized person removes a boot from a vehicle or non-motor vehicle, the person is subject to a $200 fine. If the boot is damaged, destroyed, or stolen due to its unauthorized removal, the responsible party will be required to pay to DPT the current replacement value of the boot and will be subject to criminal prosecution and/or judicial review. The tow fee is to be determined by the wrecker service and the responsibility of the owner/operator of the subject vehicle.

With this type permit, they will also be allowed to park in visitor designated parking areas (i.e., University Avenue, the Lyceum Circle, and the Rear Alumni Center Lot) and commuter designated areas. They will not be allowed to park in residential designated parking places or in parking spaces otherwise reserved by special posted signage.

(i.4) Retirees are expected to adhere to campus traffic and parking regulations. Any unpaid fees and fines must be paid before they will be issued a parking permit. The retiree permit is to only be used by the retiree. Abuse of the permit could result in deactivation of the permit. A retiree permit is nonrefundable and nontransferable.
